

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

The Department of Natural Resources is providing this report to satisfy the requirements of the "Procedures Concerning Certain Licenses Act", IC 14-11-4, and its associated administrative rule, 312 IAC 2-3. The application files are available for public inspection at the Division of Water's office in Indianapolis. Please contact the Division's Technical Services Section at (317) 232-4160 or the toll free number 1-877-928-3755 to make an appointment for file review. Photocopies may be made for a nominal charge of \$0.10 per 8 1/2 " X 11" copy.

A pre-action public hearing on an application may be requested by filing a written petition with the Director, Division of Water:

Michael W. Neyer, P.E., Director
Division of Water
Room W264
402 West Washington Street
Indianapolis, Indiana 46204

For a petition to be considered valid it must:

1. Contain the typed or legibly printed name and complete mailing address of each petitioner;
2. Be signed by a minimum of 25 individuals who are at least 18 years old and either reside in the county where the project will take place or own real property within 1 mile of the project site;
3. Affirm that each signatory to the petition satisfies the requirements of item 2; and
4. Identify the application for which the public hearing is being requested either by the application # or the applicant's name and the project description.

A petition which does not meet these requirements will be considered invalid and the hearing request will not be granted.

A person may request that the Department provide written notice of its action on an application by filing a written request with:

Division of Water
Room W264
402 West Washington Street
Indianapolis, Indiana 46204

The request must identify the application by either the application # or the applicant's name and the project description.

30 Day Public Notice Report

Application # : FW-24471

Stream : Wildcat Creek

Applicant : Greentown Main Street Association Inc.
Larry Hinesley
PO Box 71
Greentown, IN 46936-0071

Description : This project proposes to create a 10-foot wide asphalt trail approximately 2.4 miles long, with approximately 1200' within the floodway of Wildcat Creek. The rest of the trail follows Brunk Ditch. The physical conditions of the trail corridor are consistent with those routinely associated with a bank adjacent to a regulated drain and natural creek corridors. Wildcat Creek is a free flowing stream that runs into a reservoir just north of the project area. It has a natural bank with heavy riparian corridor vegetation. No unique habitat pockets have been identified along Brunk Ditch. The area proposed for development along Wildcat Creek remains in a natural state with the portion of the trail scheduled for construction along the creek located above the low water areas and in one section along an existing grass levee. Details of the project are contained in information received electronically at the Division of Water on August 30, 2007 and in plans and information received at the Division of Water on

Location : Project site begins southwest of Eastern High School and follows along the access road towards the wastewater treatment plant. From there it runs along the south bank of Brunk Ditch. After crossing Harrison Street, the proposed trail follows the north edge of Brunk Ditch, ending at Meridian Street (Co. Road 850E) at Greentown, Liberty Township, Howard County
Section 4, T 23N, R 5E, Greentown Quadrangle
Quad Code: 4008548

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

30 Day Public Notice Report

Application # : PL-20865

Lake : Lake Manitou

Applicant : Mitchell Hayes
1603 Ewing Road
Rochester, IN 46975-8985

Description : A concrete seawall will be constructed across 56' of the applicant's frontage. The lakeward face of the wall will be located along the lake's legal shoreline. Details of the project are contained in information and plans received at the Division of Water on August 22, 2007.

Location : 1603 Ewing Road; Lot 26 of Baker's Addition
near Rochester, Rochester Township, Fulton County
NE¼, SW¼, SE¼, Section 9, T 30N, R 3E, Rochester Quadrangle
Quad Code: 4108612
UTM Coordinates: Downstream 4545351 North, 567749 East

Statute/Rule : Lakes Preservation Act, IC 14-26-2, with the associated Public Freshwater Lake Rule, 312 IAC 11

Application # : PL-20866

Lake : Big Long Lake

Applicant : David Steinhofer
3916 Ironwood Court
Fort Wayne, IN 46815-5519

Description : A concrete seawall will be constructed across 75' of the applicant's frontage. The lakeward face of the wall will be located along the lake's legal shoreline. Also, a 37.5' by 30' underwater beach will be constructed across 37.5' of the applicant's 75' frontage by placing a uniform 6" layer of pea gravel on the lakebed. Details of the project are contained in information and plans received at the Division of Water on August 24, 2007.

Location : 9535 East 570 South
near South Milford, Milford Township, LaGrange County
NW¼, SW¼, SE¼, Section 22, T 36N, R 11E, Stroh Quadrangle
Quad Code: 4108552

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

Application # : PL-20871

Lake : Webster Lake

Applicant : Kokomo Grace United Methodist Church
8521 East Wesley
North Webster, IN 46555-9652

Description : An existing concrete seawall will be refaced across a portion of the applicant's 150' of frontage in the Epworth Forest addition at Webster Lake to prevent further deterioration. The reface will begin at the eastern property line and will extend west for 150'. It will consist of reinforced, poured concrete which will be tied to the existing wall with steel reinforcing rods. The reface will have a maximum thickness of 12" and will be sloped on the lakeward face. A 12" wide layer of glacial stone will be placed at the base of the wall for toe protection. Also dredge out existing sand in front of proposed reface seawall. A total of 40' lakeward and 150' wide. Dredge to a depth of 24" below normal pool of 852.75'. Approximately 250 cubic yards of sand will be removed. Also build a jetty on east end of seawall to hold back existing sand beach. The jetty will consist of glacial stone.
Details of the project are contained in information received electronically at the Division of Water on September 6, 2007 and in plans and information received at the Division of Water on

Location : 8521 East Wesley Lane, Epworth Forest Addition
near North Webster, Tippecanoe Township, Kosciusko County
